

IASGCON 2017, Pondicherry – Categorized list of all Abstracts

Oral Award Paper, Hall – A, Date – 07.10.2017, 9 – 10 AM

Chair persons: N. Ananthkrishnan, Pondicherry, Avinash Supe, Mumbai, Peush Sahni, New Delhi.

Sl.	Abstract No.	Title	Authors	Place
1.	3271	Novel prognostic model based on tumor biology and morphology to predict HCC recurrence after living donor liver transplantation	Prashant Bhangui, Tarun Piplani, Narendra Chaudhary, Dheeraj Gautam, Sanjay Goja, Amit Rastogi, Neeraj Saraf, Sanjiv Saigal, A S Soin	Gurgaon, New Delhi
2.	3388	Donor Hepatectomy: How close to the edge of the cliff are we?	Madhu Srinivasan Durairaj, Anand C Patel, Ramachandran N Menon, Dinesh Balakrishnan, Unnikrishnan G, Sudhindran S	Cochin
3.	3356	Bridging the gap after esophago gastrectomy for locally advanced type2 GE junction tumors with esophago gastrostomy or esophago jejunostomy – Analysis of outcome	Kanagavel Manickavasagam, Chandramohan Servarayan Murugesan, Balakumaran Sathyamoorthy, Rajendran Vellaisamy	Chennai
4.	3336	Assessment of the Quality of Randomized Controlled Trials in Surgical Gastroenterology from India using Jadad Score - A Retrospective Study	Mohsina Subair, Niranjana Ravichandran, Souraja Datta, Gubbi Samanna Sreenath, Sathasivam Sureshkumar, Vikram Kate	Pondicherry
5.	3431	Diffusion Weighted Magnetic Resonance Imaging And Neutrophil Lymphocyte Ratio accurately predicts infection in suspected infected pancreatic necrosis	Rommel Sandhyav, Nikhil Agrawal, Asit Arora, Yashwant Patidar, Tushar Kanti Chattopadhyay	New Delhi

6.	3475	Molecular And Clinicopathological characterization of colorectal cancer samples defined by Wnt and MSI status	Kishore Kumar Reddy, Sastry R A, Muralidharan Bashyam, Satish Rao	Secunderabad
----	------	---------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------	--------------

Special Mention Poster, Hall - A, Date - 07.10.2017, 12 - 1 PM

Chairpersons: V. Sitaram, Kolkata, H. Ramesh, Cochin, VK Kapoor, Lucknow.

Sl.	Abstract No.	Title	Authors	Place	Critique
1.	3266	A randomized trial comparing combined hepatic artery and portal vein flushing versus portal vein flushing alone in live donor liver transplantation	Johns Shaji Mathew, Sai Tarun Vasala, Sudhindran S	Cochin	Raj Prasad, Leeds, UK.
2.	3195	Randomized controlled trial comparing perioperative outcomes after esophageal resection and substitution or esophageal bypass alone for corrosive strictures of the esophagus: An interim analysis	Pradeep Krishna, N R Dash, Sujoy Pal, Peush Sahni	New Delhi	RA Sastry, Hyderabad
3.	3121	Restrictive vs Liberal transfusions strategy in patients with upper gastrointestinal bleeding- A randomized controlled trial	Gautham Surya Tej Kola, Mohsina Subair, SureshKumar Sathasivam, Sreenath G S, Vikram Kate	Pondicherry	Avinash Supe, Mumbai
4.	3214	Volumetric assessment of the liver using open source image processing software	Varghese Yeldho, Shabeerali T U, Shiraz A R, Venugopal B, Manoj K S	Trivandrum	Sanjay Nagral, Mumbai

5.	3278	Age no bar in living donor liver transplant results of long-term outcome in septuagenarians from a single centre	Karthik Mathivanan, Rahul Roy, Sanjiv Saigal, Neeraj Saraf, Thiyagarajan Srinivasan, Prashant Bhangui, Amit Rastogi, AS Soin	Gurgaon, New Delhi	Anand Khakhar, Chennai
6.	3091	Regression of liver fibrosis after surgical biliary drainage in benign biliary strictures: a theoretical feasibility or a practical possibility?	Jayapal Rajendran, Thakur Deen Yadav, Vikas Gupta, Virendra Singh, Saroj Kumar Sinha, Anupam Lal	Chandigarh	Sadiq Sikora, Bangalore

Award Video, Hall - A, Date - 08.10.2017, 10 - 11 AM

Chairpersons: Ramesh Ardhanari, Madurai, **Sanjay De Bakshi**, Kolkata, **Sujoy Pal**, New Delhi.

Sl.	Abstract No.	Title	Authors	Place
1.	3153	Total laparoscopic revision Roux-En-Y hepaticojejunostomy for anastomotic biliary stricture with right hepatic duct stones in a post pancreatectomy patient: A Video presentation	Gunjan Shailesh Desai	Mumbai
2.	3160	Laparoscopic Right Hepatectomy	Anush Mohan	Trivandrum
3.	3181	Right Hepatectomy with complete Caudate lobectomy for Hilar Cholangiocarcinoma, complicated by an atrophy hypertrophy complex	H Ramesh / Abhishek Yadav	Cochin
4.	3165	Laparoscopy Assisted Median Pancreatectomy	Anush Mohan	Trivandrum

5.	3237	Distal Pancreatectomy with En bloc Coeliac axis resection for locally advanced Pancreatic cancer (Modified Appleby's Procedure)	Chinthakindi Madhusudhan	Hyderabad
6.	3264	Laparoscopic Whipple's Pancreaticoduodenectomy	Kamalesh NP	Cochin

Oral Free Papers (Presentation & Evaluation on 7th Oct. 4.30 – 5.30PM & 8th Oct. 11.30AM - 12.30PM)

Code	Abstract No.	Title	Authors	Place
Esophagus & Stomach Section (Hall A, 7th Oct. 4.30 – 5.30PM)				
ES1	3184	Impact of corrosive injuries to the Upper Gastro Intestinal system: A 5 year referral centre experience	Kaushik Subramanian	Bangalore
ES2	3212	Feasibility and short term Outcomes of Minimally Invasive Surgery in Locally Advanced Esophagogastric Junctional Tumours after Preoperative Chemotherapy	Samrat Vijaykumar Jankar	Coimbatore
ES3	3242	Complications following Mckeown's oesophagectomy for malignancy – an experience from a tertiary centre	Abinaya R Nadarajan	Vellore
ES4	3287	Adult Esophago-respiratory fistula: Experience at a tertiary care centre in south India	Rajeevan Philip Sridhar, Birla Roy Gnananuthu, Gayatri Deshpande, Myla Yacob, Vijay Abraham, Inian Samarasam	Vellore
ES5	3383	Evaluation of long-term consequences of oesophagectomy in patients with carcinoma oesophagus	Karthik Keshav Raichurkar, Rajesh Panwar, Sujoy Pal, Nihar Ranjan Dash, Peush Sahni	New Delhi
ES6	3147	Predictors for lifelong adjuvant therapy in intermediate and high risk foregut gastrointestinal stromal tumor (GIST)	John Mathew Manipadam, Lekha V, Venugopal Ambady, Mahesh S, Jacob Mathew Kadamapuzha, Abhishek Yadav, Ramesh H	Cochin
Intestine & Miscellaneous Section (Hall C, 7th Oct. 4.30 – 5.30PM)				
IM1	3084	Impact of re-feeding in patients with proximal jejunostomy: An Indian perspective	Anand Nagar, Siddharth Mehrotra, Amitabh Yadav, Vivek Mangla, Shailendra Lalwani, Naimish Mehta, Samiran Nundy	New Delhi

IM2	3307	Scope induced type I duodenal perforations: Clip or Surgery?	Amol Dahale, Siddharth Srivastava, Sundeep Singh Saluja, Sanjeev Sachdeva, Shivakumar Varakanahalli	New Delhi
IM3	3318	Ileostomy closure: not always a simple procedure	Amrit Pipara, Tshering Doma Bhutia, Prem Varghese Thambi, Manas Kumar Roy, Subir Sinha, Robin Thambudorai, V Sitaram, Sudeep Banerjee	Kolkata
IM4	3387	Risk factors for index surgery in Crohns disease in an Indian setup	Prashant R Rao, Sathessh Iype, Kamalesh NP, Mathew Philip	Cochin
IM5	3506	Surgery for Intestinal Fistulas: A 20 year Experience of a GI surgical unit	Suresh Kumar, Aditya Manke, Siddharth Mehrotra, Vivek Mangla, Shailendra Lalwani, Naimish Mehta, Amitabh Yadav, Samiran Nundy	New Delhi
IM6	3200	Comparison of CT portography and Color Doppler in Extrahepatic Portal Vein Obstruction	Druv Jain, Peush Sahni, Nihar Dash, Sujoy Pal, Raju Sharma, Madhusudhan KS	New Delhi

Colorectal Section (Hall D, 7th Oct. 4.30 – 5.30PM)

CR1	3076	Identifying a gene expression profile in primary colon cancer tissue that could predict chemotherapy response	Aviral Jain, Guduru Venkat Rao, Sasikala Mitnala, Ravikanth V.V, Steffie UA	Hyderabad
CR2	3104	Effects of preoperative nutrition intervention on postoperative outcomes in colorectal cancer with modest hypoalbuminemia – a randomised control trial	Siddhant Vijay Mathurvaishya, Pradeep Rebella, Guduru Venkat Rao, Navneet Tiwari	Hyderabad
CR3	3169	Oestrogen receptor beta and their prognostic role in colorectal malignancy	Lohith Umapathi	Hyderabad
CR4	3238	Surgical management of colonic diverticular disease in India: A single centre experience of 21 years	Sunil Kumar Rawat, Siddharth Mehrotra, Vivek Mangla, Shailendra	New Delhi

			Lalwani, Amitabh Yadav, Naimish Mehta, Samiran Nundy	
CR5	3314	HER 2 positivity in patients with gastrointestinal tract malignancies: clinicopathological analysis in a prospective observational study	Kamal Kishore Bishnoi, Bheerappa Nagari, Venu Madhav Thumma, Shantveer G Uppin	Hyderabad
CR6	3424	Short term perioperative outcomes of robotic versus laparoscopic anterior resection– our initial experience in tertiary care centre	Darshankumar Kantibhai Patel	
Liver-1 Section (Hall A, 8th Oct. 11.30AM – 12.30PM)				
L1	3029	Outcomes of acute liver failure in a dedicated liver intensive care unit with medical management and transplantation from India	Gaurav Nitin Chaubal, Vaishali Solao, Vibhor Borkar, Somnath Chattopadhyay, Prashantha Rao, Samir Shah, Aakash Shukla, Ruhi Kohli, Sanjay Walke, Priya Shenoy, Mihir Vora, Mohamed Rela, Ravi Mohanka	Mumbai
L2	3235	Antegrade arterial and portal flushing versus portal flushing only for right lobe live donor liver transplantation - A Randomized control trial	Rommel Sandhyav, Viniyendra Pamecha, Piyush Kumar Sinha, Kishore GS Bharathy, Shridhar Sasturkar	New Delhi
L3	3251	Management of complex biliary complications after live donor liver transplantation with combined percutaneous and endoscopic intervention – a large volume center experience	Anisha Tiwari, Sanjiv Saigal, Neeraj Saraf, Amit Rastogi, Sanjay Goja, Prashant Bhangui, Thiagrajan Srinivasan, Anubhav Khandelwal, Sanjay Saran Baijal, Rajesh Puri, Randhir Sud, Arvinder Singh Soin	Gurgaon
L4	3258	Short term patency of neo middle hepatic vein in right lobe living donor liver transplantation	Deeplaxmi Purushottam Borle, Viniyendra Pamecha, Kishore GS Bharathy, Yashwant Patidar, Binit Sureka, Shalini Thapar Laroia	New Delhi
L5	3288	A comparative evaluation of MRI and liver biopsy for liver fat estimation in liver transplant donors	Ankush Golhar, Naimish Mehta, K. R. Vasudevan, Abhideep Chaudhary,	New Delhi

			Shailendra Lalwani, Sunita Bhalla, Sriram Rajan, Saumitra Rawat, Samiran Nundy	
L6	3305	A study of association between pathological characteristics of splenic vein and shunt thrombosis in patients undergoing proximal splenorenal shunt for non cirrhotic portal hypertension	Shahana Gupta, Kalayarasan R, Surendra K Verma, Biju Pottakkat	Pondicherry
Liver-2 Section (Hall B, 8th Oct. 11.30AM - 12.30PM)				
L7	3312	Live donor liver transplant for adult acute liver failure	Ankur Vagadiya, Piyush Sinha, Shridhar Sasturkar, Ashok Choudhury, Senthil Kumar, Viniyendra Pamecha	New Delhi
L8	3321	Safe Optimization of GRWR and Remnant Liver Volume in LDLT: Interlobar vascular plane is not a watershed	Thiagarajan Srinivasan, Renu Kumar, Sanjay goja, Amit Rastogi, Prashant Bhangui, Arvinder Singh Soin	Gurgaon
L9	3325	Short and long-term results of surgery for extra-hepatic portal venous obstruction	Anand Nagar, Aneela T, Vivek Mangla, Siddharth Mehrotra, Shailendra lalwani, Amitabh Yadav, Naimish Mehta, Samiran Nundy	New Delhi
L10	3380	Is left donor hepatectomy safer than right donor hepatectomy: Experience from a high volume Living Donor Liver Transplant program	Sanjay Yadav, Sanjay Goja, Thiagrajan Srinivasan, Prashant Bhangui, Amit Rastogi, Vijay Vohra, Arvinder Singh Soin	Gurgaon
L11	3415	Worldwide survey of live liver donor selection policies: results from 19,009 living donor liver transplants	Arvinder Singh Soin, Hirak Pahari, Rohan Jagat Chaudhary, Elizabeth Pomfret	Gurgaon
L12	3428	^{99m} Tc-Mebrofenin Hepatobiliary Scintigraphy with SPECT CT for assessment of Total as well as Segmental Liver Function and its utility in estimation of Future Liver Remnant Functional Volume in patients undergoing Liver Resection	Raghavendra Babu Yalakanti, Suneetha Batchu, Tarun Piplani, Dheeraj Gautam, Amit Rastogi, Sanjay Goja, Prashant Bhangui,	Gurgaon

			Thiagarajan Sreenivasan, Vikram Raut, Arvinder Singh Soin	
Pancreas Section (Hall C, 8th Oct. 11.30AM – 12.30PM)				
P1	3055	Clinical profile and outcome of parathyroid adenoma associated pancreatitis	Aviral Jain, Mohsin Aslam, Upender Rao, Guduru Venkat Rao, D.Nageshwar Reddy	Hyderabad
P2	3088	Clinical Relevance of Day 3 amylase measurements in predicting outcomes following Pancreaticoduodenectomy	Nitesh Naga Balaji Pagadala, V Venkata Rami Reddy, G Siva Ramakrishna, A Dinakar Reddy Chandramaliteeswaran C	Tirupathi
P3	3170	Outcomes following enhanced recovery after surgery (ERAS) program in patients undergoing pancreaticoduodenectomy	Sri Aurobindo Prasad Das, Sujoy Pal, Nihar Ranjan Dash, Vimi Rewari, Peush Sahni	New Delhi
P4	3296	Clinicopathological Profile & Surgical Outcome of Pancreatic Neuroendocrine Tumours (PNET) – A single centre experience over 12 years	Manikandan Kathirvel, Manoj Thillai, Pulkit Sethi, Puneet Dhar, Sudhindran S, Sudheer O.V	Cochin
P5	3316	Pancreaticoduodenectomy for presumed malignancy – Is a preoperative biopsy a must?	Jacob Mathew, John Mathew Manipadam, Mahesh S, Abhishek Yadav, Lekha V, Venugopal Ambady, Ramesh Hariharan	Cochin
P6	3411	Long term outcomes following acute necrotising pancreatitis: An tertiary care experience	Sundeeep Singh Saluja, Deepak Balachandra, Siddharth Srivastava, Phanikumar Nekarakanti, Pramod Mishra	New Delhi
Biliary Section (Hall D, 8th Oct. 11.30AM – 12.30PM)				
B1	3134	Long-term Results of Percutaneous Biliary Balloon Dilatation and Sequential upsizing of Silastic transanastomotic stents for Benign Hepaticojejunostomy Strictures : A tertiary care centre experience	Yogesh Ashokkumar Bang, K N Nagabhushan, Jagadessh R Singh, R Pradeep, G V Rao	Hyderabad
B2	3196	FLT PET CT scan can avoid radical surgery in masquerading	Gautham Krishnamurthy	Chandigarh

		pancreatobiliary lesions		
B3	3310	Surgical management of hilar cholangiocarcinoma- a case series from a tertiary hospital	Kumara Swamy, Viniyendra Pamecha, Senthil Kumar, Asit Arora, Nikhil Agarwal, Chattopadhyay T K	New Delhi
B4	3330	Is surgery a better treatment for strictured Roux en Y Hepaticojejunostomy?	Peeyush Varshney, Rajan Saxena, Anu Behari, Rajneesh Kumar Singh, Ashok Kumar, VK Kapoor	Lucknow
B5	3350	Outcome of patients undergoing biliary repair in post cholecystectomy bile duct injury	Kavita Agrawal	Chandigarh
B6	3401	Retrospective analysis of 70 cases of a malignant masquerade - xanthogranulomatous cholecystitis	Rakesh Kumar Yadav, Saket Kumar, Amit Dangi, Vishal Gupta, Pradeep Joshi, Vivek Gupta, Abhijit Chandra	Lucknow

Oral Videos (Presentation & Evaluation on 7th Oct, Hall B, 4.30 – 5.30 PM)

Code	Abstract No.	Title	Authors
OV1	3441	Laparoscopic Roux-En-Y Hepaticojejunostomy for post cholecystectomy benign biliary stricture with aberrant ductal anatomy	Nikhil Agrawal
OV2	3175	Right posterior sectorectomy using the Glissonian pedicle technique: tricks and pearls for a safe resection	H Ramesh / Abhishek Yadav
OV3	3504	Porto caval shunt for BCS (video)	Sharvari Pujari
OV4	3433	Spleen and pancreas in thorax!! Laparoscopic management	Azaz Ahmed
OV5	3113	Laparoscopic transgastric necrosectomy	Dhaval Odhavjibhai Mangukiya
OV6	3491	Totally laparoscopic Billroth I gastrectomy for corrosive gastric stricture- technical description	Kapil Nagaraj Palanisamy

Posters List (Presentation & Evaluation on 6th Oct. 12.15 - 1.45PM & 7th Oct. 1 - 2.30PM)

Code	Abstract No.	Title	Authors
Esophagus Section (Presentations & Evaluation on 6th October 2017, 12.15 to 1.45 PM)			
E1	3058	Pediatric Achalasia: A rare differential for failure to thrive in a four year old child	Dhananjay Pandey
E2	3083	Management of corrosive injuries of esophagus - our experience	Bharath Desu
E3	3102	Minimally invasive approach to a symptomatic giant mid esophageal diverticulum	Srinivasan Muthukrishnan
E4	3106	Surgical management of an impacted foreign body in esophagus with perforation - A case report	Karthi Keyan
E5	3226	Difficulties faced with transoral orvil during transabdominal intrathoracic esophageal anastomosis	Madeswaran Chinnathambi
E6	3298	Initial experience of thoracolumbaroscopy assisted robotic esophagectomy	Vivek Kaje
E7	3339	Redundant cologastric anastomosis after colon reconstruction for corrosive esophageal strictures	Kanagavel Manickavasagam
E8	3341	Missing / lost dentures – found in esophagus after years – experience with seven cases	Kanagavel Manickavasagam
E9	3349	Esophagectomy for Achalasia cardia	Kanagavel Manickavasagam
E10	3351	Surgical management of esophageal leiomyoma	Deeksha Kapoor
E11	3416	Esophageal duplication cyst – a case series and management controversies	Raj Kumar
E12	3485	Primary adenocarcinoma arising in an ileo-colic conduit 5 years after gastroesophageal junction tumor resection – a case report and review of literature	Hemendra Kumar Mangal

E13	3496	Laparoscopic management of corrosive esophagogastric injury: A case series	Satyaprakash Ray Choudhury
E14	3038	Efficacy of camera sleeve in conveyance of conduits	Lt Col Ramanathan Saranga Bharathi
E15	3037	Molecular biomarker microRNA-296 may prognosticate and help direct future therapies for squamous cell carcinoma oesophagus	Vinay Samuel Gaikwad
E16	3072	The impact of pyloroplasty on complications of oesophagectomy: single institution comparative study	Dinesh Kumar
E17	3073	End-to-end versus end-to-side esophagogastrostomy after esophageal cancer resection: single institution comparative study	Dinesh Kumar
E18	3145	Quality of life before and after laparoscopic heller myotomy with partial fundoplication—single institution experience	Sathasivam Subramani
E19	3176	Management of high pharyngeal corrosive strictures a single centre experience	Karthikeyan Ragavan
E20	3308	Tales of a stent: complications and outcomes of oesophageal stenting.	Aditya Benjamin
E21	3322	Achalasia cardia in surgical perspective: a single institution experience	Jayaprasad Narayan
E22	3347	Malignancy in gastric conduit after trans hiatal esophagectomy	Kanagavel Manickavasagam
E23	3352	A comparative study of MDCT, MRI, FDG PET and Diagnostic laparoscopy in assessing gastroesophageal junction adenocarcinoma - a prospective study	Kanagavel Manickavasagam
E24	3455	Role of laparoscopic gastric ischemic conditioning prior to esophagectomy and gastric pull through in patients of esophageal cancer: an interventional study	Santhosh Anand
E25	3382	Determinants for pulmonary complications after esophagectomy for esophageal cancer	Vivek Sharma
E26	3362	Experience of cross protocol in carcinoma esophagus at a tertiary centre in southern India.	Geet Midha
E27	3171	Surgery for corrosive stricture esophagus: assessment of complications, mental health and quality of life (QOL)	Sri Aurobindo Prasad Das

E28	3346	Squamous cell carcinoma esophagus after corrosive injury – pattern of presentation and problems in management. experience with 13 cases in 25 years	Kanagavel Manickavasagam
E29	3374	Cross protocol for operable oesophageal cancer: TMC experience	Amrit Pipara
E30	3418	Minimally invasive esophagectomy for carcinoma esophagus – surgical outcome	Vikram Trehan
E31	3486	Pattern of recurrence following video-assisted thoracoscopic esophagectomy	Monish Karunakaran
Stomach Section (Presentations & Evaluation on 6th October 2017, 12.15 to 1.45 PM)			
S1	3039	Post gastrectomy phytobezoar - a rare cause of small intestinal obstruction	Supreet Kaur Grewal
S2	3075	A case of large GIST of the stomach infiltrating into left lobe of liver, successfully resected enbloc following a very effective neoadjuvant chemotherapy – case report	Aviral Jain
S3	3090	Acute gastric dilatation as an initial presentation of systemic lupus erythematosus - a rare case report	Lokesh Yadav
S4	3101	Rare presentation of gastric tuberculosis	Anil Sundaram
S5	3108	Synchronous gastric cancer and renal cell carcinoma resection-case report	Madeswaran Chinnathambi
S6	3179	Gastric carcinoma in a patient with chronic lymphocytic leukemia- coincidence or consequence?	Mayank Mangal
S7	3340	Massive gastric dilatation in carcinoma stomach	Subair Mohsina
S8	3345	An unusual presentation of emphysematous cystitis in carcinoma stomach - a case report	Rajesh BS
S9	3392	Endoscopy assisted laparoscopic transgastric resection of submucosal lesion at gastroesophageal junction: a novel technique	Bidarahalli Krishna Prasanna
S10	3031	Palliative treatment of gastric cancer: an audit comparing primary surgery or chemotherapy	Selvakumar Balakrishnan
S11	3070	Study on the effects of bariatric surgery on nonalcoholic fatty liver disease (NAFLD) using MR elastography	Narendranath Nagoti

S12	3130	An analysis of 174 consecutive gastrectomy specimen reports for extent of lymphadenectomy and margin involvement- need for standardisation	Pranav Honnavara Srinivasan
Intestine Section (Presentations & Evaluation on 6th October 2017, 12.15 to 1.45 PM)			
IN1	3032	Radio-guided surgery with intraoperative endoscopy may substitute whipple resection in high operative risk patients with multiple low-grade neuroendocrine duodenopancreatic tumours	Vinay Samuel Gaikwad
IN2	3074	Varied presentation of delayed ischemic intestinal stricture following blunt trauma abdomen	Dinesh Kumar
IN3	3086	Iliovesical fistula- 8 year after post radiation for uterine cancer post surgery	Jignesh Maganbhai Patel
IN4	3099	A rare case diffuse entero-mesentric lipomatosis with intussusception	Shrishail Sadashiv Hanagandi
IN5	3119	In sequele of chronic mesenteric ischaemia- is diagnostic laparoscopy useful?	Livin Jose
IN6	3146	CMUSE- a rare entity. Series of two cases causing obscure gastrointestinal bleed.	Siddhant Vijay Mathurvaishya
IN7	3161	Complicated jejunal diverticulosis: a case series	Satya Prakash Jindal
IN8	3188	Typhoid fever masquerading tubercular ileal perforation - a rare case report	Anusha Dudaka
IN9	3262	Laparoscopy in obscure partial small bowel obstruction: an effective diagnostic and therapeutic tool	Ameet Kumar
IN10	3476	Isolated drain site metastasis after open resection in ileal adenocarcinoma- an uncommon site	Saheer N
IN11	3477	A rare case report of actinomycosis causing intra-abdominal band and intestinal obstruction	Byshetty Rajendar
IN12	3478	Is delayed laparoscopic appendectomy better than prompt open appendectomy?	Ashwitha Shenoy
IN13	3078	Effect of seasonal variation on mesenteric ischaemia: drought kills in more than one ways	Suresh Babu

IN14	3117	Evaluation of SMA thrombectomy in acute mesentric arterial ischaemia	Dhaval Odhavjibhai Mangukiya
IN15	3186	Role of c-reactive protein, total and differential counts, bilirubin levels and imaging in the diagnosis of acute appendicitis as a cause of right iliac fossa pain: a descriptive study	Vijayakumar Chellappa
IN16	3187	Drop in post-operative albumin as a marker of clinical outcome in gastrointestinal surgeries	Anantha Krishna
IN17	3446	Duodenal perforation : outcomes of surgical management at a tertiary care centre	Ronak Atulbhai Malani
IN18	3370	Local excision for duodenal tumours: a single centre experience	Aditya Manke
IN19	3136	Isolated rupture of duodenum following blunt trauma: report of a case of avulsion of pylorus	Vijayakumar Chellappa
Miscellaneous Section (Presentations & Evaluation on 6th October 2017, 12.15 to 1.45 PM)			
M1	3484	Neuroendocrine tumors of the gastrointestinal tract seen over 8 years in a single GI surgical unit	Manish Harinarayan Upwanshi
M2	3426	Recurrent flexural exanthema (Sdrife or Baboon syndrome) after administration of iodinated radio contrast media during cholangiogram	Karan Midha
M3	3089	First case of visceral basidiobolomycosis in immunocompetant patient from India	Siddhant Vijay Mathurvaishya
M4	3450	Laparoscopic repair of congenital bilateral Morgagni - Larrey diaphragmatic hernia	Ketaki Vivek Gharpure
M5	3225	Delayed traumatic diaphragmatic hernia after lap splenectomy: case report	Jignesh Maganbhai Patel
M6	3301	Mixed adenoneuroendocrine carcinoma-MANEC: a case report of a peculiar presentation of a rare tumour	Aneesh Suresh
M7	3036	Paraduodenal neuroendocrine tumour with liver metastasis effectively managed by radioguided surgery and intraoperative radiofrequency ablation following 'neoadjuvant' peptide receptor radionuclide therapy	Vinay Samuel Gaikwad

M8	3085	Morgagni hernia: laparoscopic repair	Jignesh Maganbhai Patel
M9	3095	Intrathoracic gastric perforation	Varun Palnati
M10	3189	Incidental peritoneal tuberculosis - case series	Gautham Krishnamurthy
M11	3240	Angiomyolipoma masquerading as retroperitoneal liposarcoma	Abhinaya R Nadarajan
M12	3276	Autoimmune peritonitis- a rare case report	Sri Krishna Nataraj Bollineni
M13	3280	Etiological spectrum of abdominal cocoon – a case series and literature review	Titus Dev
M14	3467	Rare cause of splenomegaly	Narayana Reddy Dumpa Venkata
M15	3481	Laparoscopic repair of diaphragmatic eventration using endostaplers in adults – technique	Kapil Nagaraj Palanisamy
M16	3110	Varied presentation of diaphragmatic hernia and eventration and operative result - a case series.	Aviral Jain
M17	3396	Hollow viscus injury due to blunt abdominal trauma	Gangadhar Rao Gondu
M18	3040	Comparison of comprehensive complication index and clavien dindo grading for measuring outcomes following gastrointestinal (GI) surgery: a prospective observational study in 1000 patients	Samrat Ray
M19	3311	Analysis of clinico-pathological and immunohistochemical parameters and correlation of outcomes in gastrointestinal stromal tumors: a prospective cohort study	Sundeep Singh Saluja
M20	3381	Ventral hernia repair: not one size fits all	Monish Karunakaran
M21	3438	Laparoscopic splenectomy for immune thrombocytopenic purpura (ITP) patients with very severe thrombocytopenia: a comparative study	Shahana Gupta
M22	3457	Spectrum of suspected abdominal tuberculosis requiring surgery – a north Indian tertiary centre experience	Gautham Krishnamurthy

M23	3269	Surgical volume: how to negate its effect on outcome?	Aravind Kidambi Seshadri
Liver Section (Presentations & Evaluation on 6th October 2017, 12.15 to 1.45 PM)			
L1	3062	A rare case of congenital portal vein stenosis	Narendranath Nagoti
L2	3080	Primary hepatic tuberculosis: a rare occurrence	Sr Devayani M Niyogi
L3	3140	Management of portal biliopathy- needs individualized approach, an observational study	Karthi Keyan
L4	3150	Surgical management of fibrolamellar hepatocellular carcinoma: our experience and literature review	Namita Gangaram Chavan
L5	3443	Varied presentation of Abernethy malformation, its management and outcome: our experience.	Swapnil Sharma
L6	3430	Two to tango - a case for dual lobe liver transplantation	Naimish N Mehta
L7	3461	Fibrolamellar hepatocellular carcinoma (FHCC) with biliary tumor thrombus is an unusual association	Deep Lamichhane
L8	3122	Liver hydatid cyst in urban referral center – when do we need biliary stenting	Keyur Suresh Bhatt
L9	3127	Management of liver trauma – surgical intervention still necessary? A single centre observational study	Venkateshwara Mahadevan
L10	3182	Non hepatic surgery in patients with liver cirrhosis; is the nihilism warranted?	H Ramesh
L11	3207	Extracapsular excision of hepatic hemangioma, a single centre experience	Amol Vijay Kanetkar
L12	3221	Budd chiari syndrome – a descriptive analysis of 38 cases from a tertiary care centre	K Sathish Kumar
L13	3223	Living donor liver transplant for acute liver failure in pediatric patients	Rommel Sandhyav
L14	3231	Glissonian approach to liver resection: our experience	Madhur Anand
L15	3254	Duct to duct versus bilio-enteric anastomosis for biliary reconstruction in paediatric	Rahul Roy

		living donor liver transplantation	
L16	3259	Deceased donor liver transplant: perspectives from a public sector hospital in India	Deeplaxmi Borle
L17	3434	ABO-i living donor liver transplant: early experience with simplified desensitization protocol	Shailesh Anand Sable
L18	3449	Psoas index as a nutrition tool to assess outcomes after live donor liver transplantation	Krishnanunni Nair
L19	3324	Splenectomy versus proximal splenorenal shunt in non- bleeder patients with non-cirrhotic portal fibrosis: a prospective cohort study	Sundeep Singh Saluja
L20	3303	Pattern and risk factors for recurrence of hepato cellular carcinoma (HCC) following liver transplantation	Premanandh Elavarasan
L21	3289	Prevalence of non-alcoholic fatty liver disease and hypercholesterolemia in patients of gallstone disease undergoing laparoscopic cholecystectomy	Kaptan Singh Bhanker
L22	3213	Study of outcomes of surgical resection of large hepatocellular carcinoma in cirrhotics and non-cirrhotics	Pramod Jagannath
L23	3229	Outcome of live donor liver transplant in patients with co-existent or recently treated extrahepatic malignancies	Anisha Tiwari
L24	3253	Biliary complications and management in paediatric liver transplant: outcomes from a high-volume living donor liver transplant centre	Rahul Roy
L25	3268	Donor safety in living donor liver transplantation at a low volume center	Aravind Kidambi Seshadri
L26	3270	Assessment of fat fraction on MRI as a sensitive and reliable predictor of sarcopenia in liver transplant recipients	Sunil Dayanand Shenvi
L27	3319	Ischemia reperfusion injury in deceased donor liver transplantation and its effect on outcome	Fadl H Veerankutty
L28	3373	Right lobe live liver donation, MHV or no MHV - tailored approach	Rahul Roy
L29	3377	Chronic non tumoural portal vein thrombosis does not adversely impact outcome	Rahul Roy

		after living donor liver transplantation	
L30	3391	Liver transplant in acute liver failure – looking back	Shweta Mallick
L31	3425	Evaluation of HKLC classification for HCC patients undergoing surgery in Indian contexts	Sagar Ramesh Kurunkar
L32	3447	Results from live donor liver transplants from hepatitis B core antibody positive donors	Krishnanunni Nair
L33	3459	Reasons for donor rejection prior to living donor liver transplantation	Sujeet Kumar Saha
L34	3460	Parenchymal preservation in right lobe liver tumors by optimal utilization of right posterior sectorectomy	Anisha Tiwari
L35	3048	Health related quality of life in living donor liver transplant recipients: an Indian perspective	Ankush Golhar

Biliary Section (Presentations & Evaluation on 7th October 2017, 1 to 2.30 PM)

B1	3056	Incidental gall bladder cancer following laparoscopic cholecystectomy: a south Indian tertiary care center experience	Ramalingam Trivikraman
B2	3081	Definitive treatment in index admission for acute cholangitis following non operative biliary decompression	Madeswaran Chinnathambi
B3	3098	Spectrum of lymph node involvement after extended cholecystectomy and its correlation with pt stage in carcinoma gall bladder patients	B Madhu Narayana
B4	3103	An interesting case of Mirizzi syndrome with bile duct anomaly	Karthi Keyan
B5	3139	An interesting case of external biliary fistula	Prakashen
B6	3149	Spontaneous choledocho-choledochal fistula after T-tube choledochostomy for Strasberg E1 iatrogenic bile duct injury: a case report and literature review	Namita Gangaram Chavan
B7	3168	Incidence of extra abdominal site of metastasis at the time of presentation in a patient with carcinoma gall bladder	Jaya Agarwal

B8	3220	Spontaneous perforation of extrahepatic biliary system – a tertiary centre experience	K Sathish Kumar
B9	3224	Biliary cystadenoma – a tertiary care institute experience ; with special focus on intraductal biliary cystadenomas causing obstructive jaundice – revealing the mystery of an unrevealed cause of biliary obstruction	Sugi Subramaniam
B10	3386	Endoscopic management of bronchobiliary fistula	Rakesh Kumar Yadav
B11	3468	Choledochal cyst type VI - a diagnostic dilemma	Kapil Nagaraj Palanisamy
B12	3480	Anomalous pancreatobiliary ductal junction – a case report	Souvik Paul
B13	3483	Laparoscopic cholecystectomy in extra hepatic portal vein obstruction and cirrhotic liver	Vinay Kumar Shaw
B14	3120	Bile duct injury after laparoscopic cholecystectomy: new classification and novel approach for the management in emergency situations	Keyur Suresh Bhatt
B15	3198	Surgical intervention for benign biliary diseases in the era of ERCP	Amit Ganguly
B16	3064	Analysis of a patients undergoing percutaneous cholecystostomy for acute calculous cholecystitis	Arif Raza Ahmed
B17	3079	Radiological diagnosis alone risks overtreatment of benign disease in gall bladder cancer: a word of caution in the era of radical surgery	Rajesh S Shinde
B18	3082	Preoperative prediction of choledocholithiasis in patients undergoing cholecystectomy	Aviral Jain
B19	3105	Immediate management of post cholecystectomy bile duct injuries – tertiary care centre in south India	Srinivasan Muthukrishnan
B20	3109	Comparison between conventional and harmonic scalpel assisted laparoscopic cholecystectomy: prospective non-randomized control trial	Vijayakumar Chellappa
B21	3164	The role of chemotherapy and resection in post laparoscopic cholecystectomy port site metastasis (PSM) – careful selection may improve outcomes	Shraddha Patkar
B22	3204	Cholecystoenteric fistulae- our experience	Ms Adithya GK

B23	3236	Major hepatectomy and its impact in patients with gall bladder malignancies: a tertiary care centre's experience	Sugi Subramaniam
B24	3248	Redo procedures after post cholecystectomy bilioenteric anastomotic strictures	Bharath Kumar Bhat
B25	3267	Adult choledochal cysts in Indian population: is it different?	Saket Kumar
B26	3272	"Difficult gallbladder": incidence and management at subspecialty surgical gastroenterology unit	DKV Dhaivat Kalapirai Vaihnay
B27	3292	Iatrogenic biliary injuries : a single center experience of 112 cases	Sushruth Shetty
B28	3410	Outcome of aggressive management including hepatectomy in children with choledochal cysts at a dedicated hepatobiliary and liver transplant centre	Pankaj Kumar Sonar
B29	3367	Comparison of ERC stenting and percutaneous cholecystostomy as preoperative biliary drainage procedure in periampullary malignancies: a retrospective analysis	Nitesh Naga Balaji Pagadala
B30	3329	Post cholecystectomy bile duct injuries – outcomes following hepaticojejunostomy	Nitesh Naga Balaji Pagadala
B31	3375	Reasons affecting conversion to open surgery in patients undergoing laparoscopic cholecystectomy-over 700 cases	Smita Chauhan
B32	3360	Blood loss using water-jet dissector for extended cholecystectomy in carcinoma gallbladder: initial results from a tertiary care cancer hospital in eastern India	Avidip De
B33	3400	Biliary strictures: experience at a tertiary care center	Srinivas Bojanapu
B34	3163	Role of positive peritoneal lavage cytology as an independent predictor of recurrence in carcinoma gall bladder: a report of 51 cases with preoperative diagnosis of the disease	Aarathi V Shanker
B35	3205	Laparoscopic intraoperative cholangiogram: our experience	Ms Adithya GK
B36	3218	Bile duct injuries - outcome of early and delayed repair	Amit Singh
B37	3279	Diagnostic value of tumor markers in gall bladder cancer without jaundice	Sundeep Singh Saluja

B38	3297	Choledochal cysts - a 21 year experience in a tertiary care centre	Romil Jain
B39	3331	Prediction of residual disease in unsuspected “incidental” gallbladder cancer: experience of a tertiary care hospital in northern India	Aditya Atul Kulkarni
B40	3335	A randomized controlled study on early recovery following modified epigastric port versus standard four port laparoscopic cholecystectomy	Abhimanyu Kar
B41	3357	Carcinoma gall bladder in endemic regions has problem of both under and overdiagnosis	Gopal Sharma
B42	3385	Does lymph node positivity ratio correlate with survival following curative resection for gallbladder carcinoma: a prospective study	Deep Lamichhane
B43	3453	Achieving margin negative resection – doing less is justified: oncological outcomes of wedge excision of liver in surgery for gall bladder cancer	Vijayraj S Patil
B44	3093	Biliary and vascular complications in major liver trauma	Yashwant Raj Sakaray
B45	3456	Outcome of porto-enterostomy for biliary atresia at a high volume pediatric hepatobiliary and liver transplant center	Rahul Roy
B46	3402	A previously unseen variant of the hepatic artery anatomy- accessory common hepatic artery arising from the sma in a case of distal cholangiocarcinoma	Shabana Jabbar
B47	3033	Oxidative stress and nutrition in gallstone patients with and without gallbladder cancer	Satyavati Rana

Pancreas Section (Presentations & Evaluation on 7th October 2017, 1 to 2.30 PM)

P1	3047	Outcomes of pancreaticoduodenectomy in a tertiary care government hospital	Ravindra Nidoni
P2	3061	A complication that does not kill but definitely cripples: chyle leak after whipples	Ramalingam Trivikraman
P3	3100	Laparoscopic cystogastrostomy a viable option between endotherapy and open surgery-experience in a tertiary centre	Livin Jose
P4	3129	Laparoscopic distal pancreatectomy : our experience in tertiary center	Mehul Vikani

P5	3155	Superior mesenteric artery thrombosis: a rare complication after pancreaticoduodenectomy	Satya Prakash Jindal
P6	3157	Pancreatic adenocarcinoma in a patient with renal cell carcinoma: a case report	Satya Prakash Jindal
P7	3372	A rare case report of hemorrhagic walled off pancreatic necrosis (WOPN) spontaneously fistulizing into stomach	Srinivas Bojanapu
P8	3234	Solid pseudopapillary neoplasm of pancreas: surgical challenge	Balram Goyal
P9	3260	Autoimmune pancreatitis masquerading as pancreatic malignancy	Anmol Raj Gupta
P10	3275	Pancreatic injury with ductal disruption does not need emergent surgery	Sri Krishna Nataraj Bollineni
P11	3291	Percutaneous drainage for pancreatic ascites in failed pancreatic duct stenting patients	Suresh Kumar Sepuri
P12	3326	Central pancreatectomy: real clinical benefit	Nirjar Raj Rakesh
P13	3366	Portal annular pancreas: rare variant and its importance in pancreatic surgery	Anmol Raj Gupta
P14	3399	Rare pancreatic neoplasms : a case series	Nikhitha D Shetty
P15	3406	Biliary complications after pancreatic necrosectomy	Surya Ramachandra Varma Gunturi
P16	3440	Groove pancreatitis – an important differential diagnosis of pancreatic adenocarcinoma	Praneeth Reddy
P17	3493	A rare case of periampullary carcinoma with cystic atrophy of pancreas	Neetesh Kumar Sinha
P18	3503	Metastatic solid pseudopapillary epithelial neoplasm (SPEN) of the pancreas - diagnostic dilemma and challenge in surgical management	Pavneet Singh Kohli
P19	3051	Factors predicting postoperative complications following salvage surgery for failed endoscopic management in chronic pancreatitis	Gautham Krishnamurthy
P20	3077	Effect of local factors and nutrition on outcome following surgical necrosectomy	Suresh Babu

P21	3118	Which approach is better for pancreatic necrosectomy – comparing our own data	Keyur Suresh Bhatt
P22	3125	A study to assess the clinical predictors for delayed local complications in acute pancreatitis	Santosh C Gudimani
P23	3128	Factors determining outcome in management of high grade pancreatic injuries-single center experience	Karthikeyan Ragavan
P24	3132	Options in management of complications in chronic calcific pancreatitis – an observational study in single centre	Prasanna Gopal
P25	3133	Laparoscopic vs open cystogastrostomy – a comparative study in a tertiary center	Karthi Muthalampet
P26	3135	Addition of a braun entero-enterostomy decreases the frequency of postoperative pancreatic fistula and delayed gastric emptying after standard pancreaticoduodenectomy	Nivas Venkatachalapathy
P27	3143	Management of chronic pancreatitis with tail predominant disease – single centre experience	Bala Murugan Srinivasan
P28	3183	Pancreatico pleural fistula - surgery the last option	Aravinda K N
P29	3201	Pancreaticogastrostomy : a technique revisited	Varun Madaan
P30	3208	Management of postoperative pancreatic fistula	Suhail Farooq
P31	3209	Predictors of malignancy in chronic calcific pancreatitis with head mass	Bhushan B Chittawadagi
P32	3300	Early and late post operative outcomes of dunking pancreatojejunostomy	Shashikiran M S
P33	3317	Immediate post-operative complications after pancreaticoduodenectomy in relation to the percentage of acinar cells at the cut edge of pancreas - an observational study	Fadl H Veerankutty
P34	3323	Effect of bactibilia on the outcome of patients who underwent whipple's pancreaticoduodenectomy-a retrospective study	Sree G Kumar
P35	3344	Delayed gastric emptying following pancreaticoduodenectomy : prospective analysis of 120 consecutive patients	Abhinav Sengar

P36	3348	Prevalence of sarcopenia in patients with pancreatic and periampullary cancer	Deeksha Kapoor
P37	3353	Referral pattern in acute pancreatitis to surgical unit and outcome	Gopal Sharma
P38	3358	Step – up approach in the management of acute pancreatitis – initial experience	Rugved Vasant Kulkarni
P39	3408	Drain amylase levels in the first postoperative day predict pancreatic fistula in chronic pancreatitis patients undergoing Frey procedure	Vijayaraj Pavankumar
P40	3409	Management and outcome of patients with pancreatic injury - a tertiary center experience	Gautham Krishnamurthy
P41	3142	Early intra abdominal hypertension – a reliable bedside prognostic marker for acute pancreatitis	R N Naga Santhosh Irrinki
P42	3172	Management of pancreatic injury- single institution study	Gautham S L
P43	3215	Pancreatic attenuation index as a predictor of postoperative pancreatic fistula	Bincy Merin Zacharia
P44	3241	Role of main pancreatic duct diameter and remnant pancreatic volume in predicting pancreatic fistula after pancreatoduodenectomy (PD)	Aditya Atul Kulkarni
P45	3368	Factors affecting outcome of salvage surgery following endoscopic management for chronic pancreatitis	Gopal Sharma
P46	3390	Evaluation of the step-up approach for management of acute necrotizing pancreatitis: a single tertiary centre experience	Manish Ahuja
P47	3394	The spectrum of microbiological infections in acute necrotizing pancreatitis (ANP)	Manish Ahuja
P48	3413	Fatty liver in chronic pancreatitis is it innocent bystander or red herring?	Sundeep Singh Saluja
P49	3293	Impact of treatment of bactibilia on postoperative outcomes after pancreaticoduodenectomy	Pavan Kumar V
P50	3354	Comparison of intra-operative bile culture-sensitivity with post-operative peritoneal fluid and blood culture-sensitivity in stented patients undergoing pancreaticoduodenectomy	Avidip De

Colorectum Section (Presentations & Evaluation on 7th October 2017, 1 to 2.30 PM)

CR1	3498	Hirschprung's disease : paradigm shift from three stage to single stage scarless surgery: our experience	Ketaki Vivek Gharpure
CR2	3068	Large bowel obstruction in carcinoma cervix-post treatment	Madeswaran Chinnathambi
CR3	3116	Surgery in complicated sigmoid diverticulitis: retrospective analysis	Dhaval Odhavjibhai Mangukiya
CR4	3152	Mesh repair of abdominal wall defects during colostomy reversal surgery - a novel approach: our experience	Gunjan Shailesh Desai
CR5	3191	Pouchovaginal fistula: managing a rare complication in patient with ulcerative colitis after total proctocolectomy and ileal pouch-anal anastomosis	Sumesh Kaistha
CR6	3379	Endoscopic ultrasound guided overlapping anal sphincteroplasty: the way forward? - a preliminary report	Rakesh Kumar Yadav
CR7	3277	Management of rectal foreign body: a rare case report	Nirkhi R Shah
CR8	3281	Lower GI bleed post complex colorectal surgery: two rare case reports	Manish Ahuja
CR9	3397	Neoanal reconstruction using transposed antro pyloric valve and gluteus muscle wrap for end stage fecal incontinence: a preliminary report	Rakesh Kumar Yadav
CR10	3427	Robotic ventral rectopexy: initial experience in an Indian tertiary health-care centre	Amit B L
CR11	3488	Isolated metastases to multiple genital organs: a curious case of metachronous spread of carcinoma colon	Pavneet Singh Kohli
CR12	3495	An unusual cause of chronic bleeding following modified duhamel procedure	Ketaki Vivek Gharpure
CR13	3063	Higher preoperative serum carcino embryonic antigen (CEA) level predicts poor histology in colorectal cancer patients- a prospective observational study	Ishan Anil Shah
CR14	3144	Effect of perioperative high concentration oxygen supplementation on postoperative surgical site infection in patients undergoing elective colorectal surgery- a randomized controlled trial	Mayank Mangal

CR15	3151	Outcome analysis of laparoscopic management of sigmoid diverticulitis: a tertiary centre experience	Gunjan Shailesh Desai
CR16	3202	Intra operative colonic lavage in left sided colorectal malignancy: our experience	Rajesh Murugesh
CR17	3283	Impact of platelet lymphocyte ratio (PLR) on the stage of colorectal carcinoma	Sreejith S
CR18	3284	Laparoscopic total proctocolectomy with ileal pouch–anal anastomosis for familial adenomatous polyposis: safety, feasibility and outcomes	Amit Narendra Chopde
CR19	3499	Laparoscopic resection rectopexy for complete rectal prolapse: our experience	Suresh Kumar Saini
CR20	3398	Modified stapling technique for J-pouch construction in restorative proctocolectomy for ulcerative colitis	Monish Karunakaran
CR21	3111	Polidocanol versus phenol in oil injection sclerotherapy in treatment of internal hemorrhoids – a randomized controlled trial	Sandeep Mishra
CR22	3154	Comparison of diclofenac suppositories and diltiazem gel in post-operative pain relief following hemorrhoidectomy: a randomized control trial	Aneesh Suresh
CR23	3384	“Diversion stoma versus no diversion” based on three intra-operative criteria in low anterior resection after neoadjuvant chemoradiation for carcinoma rectum	Sindhu Radha Sadasivan Nair

E-Videos List (Evaluation on 7th & 8th Oct.)

Code	Abstract No.	Title	Authors
EV1	3286	Laparoscopic cholecystectomy for suspected Mirizzi syndrome	Kamalesh NP
EV2	3114	Laparoscopic sigmoid colectomy for diverticulitis	Dhaval Odhavjibhai Mangukiya
EV3	3159	Robotic transhiatal enucleation of esophageal leiomyoma: video presentation	Satya Prakash Jindal
EV4	3479	Median arcuate ligament release for MALS	Brahmadatta Pattnaik
EV5	3124	Migrated metal stent with peritonitis treatment – following endoscopic necrosectomy of WOPN (edited surgical video)	Keyur Suresh Bhatt
EV6	3203	Pancreaticogastrostomy technique: video presentation	Varun Madaan
EV7	3265	Laparoscopic splenic vessel distal pancreatectomy	Kamalesh NP
EV8	3432	Laparoscopic management of large gastric GIST	Azaz Ahmed
EV9	3148	Laparoscopic management of gall bladder torsion with hemoperitonuem	Namita Gangaram Chavan
EV10	3206	Laparoscopic remnant cholecystectomy with intraoperative cholangiogram	Ms Adithya GK
EV11	3216	Laparoscopic intraoperative cholangiogram	Ms Adithya GK
EV12	3405	Laparoscopic total pelvic exenteration in a 26 year old male for adenocarcinoma of the lower rectum infiltrating the prostate and seminal vesicle following neoadjuvant chemoradiation therapy	Gigi Varghese
EV13	3487	Robot assisted extra-mesolectal excision of a retro-rectal tumour	Subhankar Paul
EV14	3489	Robot assisted intersphincteric resection	Devendra Ghanshyam Parikh

EV15	3123	Laparoscopic left lateral hepatectomy for hepato cellular carcinoma (edited surgical video)	Keyur Suresh Bhatt
EV16	3505	Left hepatectomy with portal vein tumour thrombectomy for HCC with main and contralateral portal vein tumour thrombosis (vp4)	Chinthakindi Madhusudhan
EV17	3320	Laparoscopic (subtotal) assisted right lobe donor hepatectomy (hybrid procedure) – first series from India	Thiagarajan Srinivasan
EV18	3342	Ex-vivo organ perfusion technique for deceased donor liver transplantation (DDLT)	Rahul Roy
EV19	3166	Laparoscopic partial splenectomy	Anush Mohan
EV20	3263	Laparoscopic splenectomy for massive splenomegaly with splenic artery aneurysm	Kamalesh NP
EV21	3131	Video presentation on laparoscopic cystogastrostomy	Mehul Vikani
EV22	3261	Laparoscopic distal pancreatectomy with splenectomy	Kamalesh NP
EV23	3285	Laparoscopic spleen preserving distal pancreatectomy	Kamalesh NP
EV24	3185	Video abstract: Laparoscopic sleeve gastrectomy- how do i do it?	Ram Raksha Pal
EV25	3490	Video presentation : laparoscopic D2 gastrectomy	Souvik Paul
